THE DENTAL SCHOOL

GENERAL STATEMENT

The Harvard Dental School is located on Longwood Avenue, in Boston, adjacent to the buildings of the Harvard Medical School, and is connected with them by subway.

The Dental School was established by vote of the President and Fellows of Harvard College, July 17, 1867. The first session opened on the first Wednesday in November, 1868, and continued until the following March. The first examination of candidates for the degree of the School was held March 6, 1869.

The course extends over four years, with a preliminary college requirement of two years. The last class to be admitted on this basis entered in September, 1940. By vote of the President and Fellows a new five-year course, leading to the two degrees D.M.D. and M.D., has been established, and since September, 1941, all students entering Harvard for the study of dentistry have registered for this new course, under the direction of the School of Dental Medicine.

The Dental School however has continued the four-year course for the classes that had already registered, and will graduate its last class in March, 1944. All members of these classes were admitted upon credentials showing that they had completed at least two years in a college of liberal arts and science, with the following obligatory courses: English, Physics and Biology, six semester hours each; Chemistry, twelve semester hours, including a course of not less than four semester hours in Organic Chemistry.

The courses followed by these students during their first year included the basic sciences, physiology, chemistry and metallurgy, anatomy, histology, hygiene, and a short course in dental anatomy. These subjects were given in the Harvard Medical School.

During the second, third and fourth years instruction is given by lectures, recitations, clinical teaching, practical exercises, and clinical conferences. A well appointed laboratory and infirmary are provided, and students are assured the opportunity of operating at the chair and becoming trained by actual practice in all the operations demanded of the dentist.

The degree of Doctor of Dental Medicine is given, on recommendation by the Faculty of Medicine, on the completion of the four years' course. The degree is given in three grades.

The School is registered with the Department of Education of the State of New York, and its graduates are eligible for the licensing examination in that state, as well as in all other states in the Union.

REQUIREMENTS FOR THE DEGREE

The University confers the degree of DOCTOR OF DENTAL MEDICINE (*Dentariæ Medicinæ Doctoris*) upon the completion of the course in dentistry.

Every applicant for the degree is required to be of adult age and of good moral character. He must have given at least four full years to the study of medicine or dentistry, the last two continuous years of which have been spent at this school, and have passed all the required examinations.

The degree of Doctor of Dental Medicine *cum laude* or *magna cum laude* will be conferred upon any candidate who has pursued a complete four years' course in this School and who has shown such a degree of excellence in scholarship and general clinical proficiency as, in the opinion of the Administrative Board, to merit the distinction.

The right to take the examinations, as well as the privilege of continuing membership in the School, is conditioned upon regular attendance upon lectures, infirmary practice, and laboratory exercises.

By vote of the Administrative Board, all students must have their mouths and teeth in a sound, healthy condition, in order to be eligible for the degree.

Candidates for the degree are obliged to apply for the same in writing, on blanks furnished at the Dean's office, on or before *February 1*.

FEES AND EXPENSES

The tuition-fee is four hundred dollars, which includes all laboratory fees. In addition, students will be charged for any loss of material or breakage. Bills will be issued and payable in four instalments.

THE HARRIET NEWELL LOWELL SOCIETY FOR DENTAL RESEARCH

In 1907, Miss HARRIET NEWELL LOWELL bequeathed to the Harvard Dental School a sum of money, the interest to be applied each year to dental research. In addition to the appointment of a special research worker and a research committee of five men, the Administrative Board formed the Harriet Newell Lowell Society for Dental Research. The object of the Society is to interest the students in research. Its president and a majority of its executive committee are students, and meetings are held in the School building. A well-equipped research laboratory is open for the use of the students and teachers who are interested in scientific investigation.

OFFICERS. — James H. Maloney, Jr., *President*; Philip T. Sehl, *Vice-President*; W. A. Pennine, *Student Treasurer*; R. J. Ferioli, A.B., *Student Secretary*.

EXECUTIVE COMMITTEE. — Dean Leroy M. S. Miner, D.M.D., M.D., S.D., *Chairman*; Lawrence W. Baker, D.M.D.; H. L. Weatherford, Ph.D.; Kurt H. Thoma, D.M.D., Arthur P. Young, D.M.D.

PHILLIPS BROOKS HOUSE HARVARD UNIVERSITY

The Dental School Society, a branch of the Phillips Brooks House Association, represents the religious, philanthropic, and social interests among the students in the Harvard Dental School. Membership in the society is open to any student who is in sympathy with any one or more of these objects. The society maintains an information bureau at the opening of the college year, at which catalogues, pamphlets, maps, and lists of boarding houses investigated and approved by the school are furnished. It also organizes discussion groups and conducts meetings addressed by leading men in the dental profession, the main object of these meetings being to present the ethical side of the profession. The society is also planning to organize an employment bureau.

FELLOWSHIPS AND SCHOLARSHIPS

The scholarships listed below apply to the Dental students only. Awards for the current year are made by the Committee on Scholarships in January.

Owing to the limited funds available, it is the policy of the Committee to give preference to third and fourth-year students, although occasional awards may be made to second-year students whose work is outstanding.

Applications should be presented at the Dean's office on forms provided for the purpose, not later than January 1.

THE ALFORD FUND (1785); Mrs. Joanna Alford. With an income of \$300, "to be used for scholarships for those students who are under low and indigent circumstances."

THE DWIGHT M. CLAPP SCHOLARSHIP; with an income of one hundred and twenty-five dollars. Established in 1926 by the will of Clara Josephine Clapp in memory of her husband, DWIGHT M. CLAPP, D.M.D. 1882. For a student born in Massachusetts, preferably one who has had a college education or training of a classical character, or who has such educational qualifications as are prescribed for admission to the Harvard Medical School.

THE JOSEPH EVELETH SCHOLARSHIP; with an income of \$250, founded by Joseph Eveleth of Boston and Watertown, Sheriff of Suffolk County from 1840 to 1855, except in 1853.

The THOMAS ALEXANDER FORSYTH Scholarship Fund (1929), with an income of six hundred and seventy-five dollars, to be given each year to two worthy and deserving students in the Dental School who are desirous of becoming dentists and who have passed the requirements of scholarship, the income to be given to the same men until they have completed their course at the school.

THE EUGENE HANES SMITH SCHOLARSHIP. In 1920, in recognition of Dean Smith's twenty-five years of service to the Dental School, the Harvard Dental Alumni Association gave a sum of money for the establishment of a scholarship, to be known as The Eugene Hanes Smith Scholarship. The income from this fund will be awarded annually to a worthy and meritorious student in the third or fourth year of the Dental School, who has been a student in regular standing during the first and second years. The income may be divided between two students at the discretion of the Dental Committee on Scholarships.

PETER E. STRAUSS Scholarship with an income of five hundred dollars. Established in 1922, under the will of Emily R. M. Strauss of Boston, in memory of her husband.

W. K. KELLOGG FOUNDATION SCHOLARSHIPS. The School has received from the W. K. Kellogg Foundation a grant of \$5,000 to be awarded as scholarships, on the basis of scholastic ability, character, and need. This grant was made for the purpose of encouraging exceptional students, and was primarily intended for students who have been accepted by the military services, or have been deferred so that they may continue in dentistry.

THE ALUMNI LOAN FUND. The sum of approximately six thousand dollars has been received from the Harvard Dental Alumni Association and from the Dental Classes of 1900, 1901, 1902, 1904, 1905, 1906, and 1908 to be used as a loan fund to aid any deserving students who require financial assistance.

THE CHRISTIAN SOLDIER FUND; a loan fund established in 1924 by Miss Caroline F. Anderson, of Brookline, for the benefit of needy and deserving students.

THE ROBERT T. MOFFATT FUND, a loan fund established by Dr. Robert T. Moffatt of Boston for the benefit of deserving students who are in need of financial aid.

THE LUCINDA DAVIS FERNALD FUND, a loan fund established in 1936 by Dr. Adelbert Fernald of Boston, for the benefit of deserving New England born students of good character.

UNIVERSITY SCHOLARSHIPS

In addition to the foregoing scholarships which apply only to students in the Dental School, a certain number of scholarships and gratuities in the University are available. These financial aids are awarded to such men among those applying for and needing assistance as give evidence of having done the best work either in this School or in a preparatory course elsewhere.

Application should be made to Dean WILLIAM S. FERGUSON, Chairman of the Committee on General Scholarships and on the Sheldon Fund.

Students who have not been able to obtain scholarships often find time and opportunity to do outside work of various kinds in the city.

THE DANIEL A. BUCKLEY SCHOLARSHIPS; with an income of two hundred and fifty dollars each, for graduates of the public schools of the city of Cambridge.

LEWIS AND HARRIET HAYDEN (1894). MRS. HARRIET HAYDEN. Open to colored students in the Medical School, in the School of Public Health, and in the Dental School. May be divided between two or more colored students. If not awarded in these schools, this scholarship is open to colored students in any other department of the University. Three hundred dollars.

THE PARKER FELLOWSHIP. Established in 1873 in memory of JOHN PARKER, Jr., with an income of forty-five hundred dollars, for the instruction, education and maintenance of one or more students of eminent natural talents or genius for some one or more of the sciences taught in the University. Available for study at the University or in foreign countries.

THE PRINCETON FELLOWSHIP; with a stipend of six hundred dollars. From a graduate of Princeton University, to be awarded to a graduate of that University studying in any department of Harvard University.

FRANKLIN REYNOLDS (1929). JOHN F. REYNOLDS. For students in any department of Harvard University who are natives of Marblehead, Massachusetts. Applications should be made to the President's Office on recommendation of the Dean of the school where the applicant is registered. Six, each six hundred dollars.

THE FREDERICK SHELDON FUND FOR TRAVELLING FELLOWSHIPS. The income of this Fund is available for students in any Department of the University. For particulars see University Catalogue.

THE WILLIAM STOUGHTON SCHOLARSHIP; with an income of twenty-one hundred and fifty dollars. One or more scholarships in any department of the University, from the income of the bequest under the will of Governor Stoughton, preference being given, first, to students of Dorchester, and second, if there be none such, to students of the town of Milton.
